Work Experience

Founder

May 2026 – Present

Propolis Freelancing

Gainesville, FL

- Founded a web development LLC for local small businesses and own each engagement end to end, from gathering user requirements and wireframing in Figma to building, launching, and iterating on client feedback
- Delivered technical presentations and Figma wireframe demos to a client to translate their business goals into a product spec for their business's first website using Astro and Cloudflare Pages

SWE Intern

May 2025 – Aug 2025

GroundGame.Health

Tampa, FL

- Engineered a secure automation tool in Python to retrieve and process client call recordings through FTP and ADHOC production systems, ensuring HIPAA-compliant data handling and encrypted file transfer
- Developed SQL scripts and validation routines to calculate healthcare performance statistics, enabling consistent data accuracy across reports and dashboards
- Built modular Power BI dashboards leveraging automated SQL pipelines to visualize operational metrics, supporting data-driven decision-making for executive stakeholders

Projects

UF Hearts for Henna

May 2026 – Present

- Designed the club's website on Astro and Cloudflare Pages, storing content in Markdown so officers can update events without touching code
- Launched an AI help assistant (Gemini API, Cloudflare Pages Functions, D1) that answers visitor questions from the site's own content, hands off unanswered ones to officers, and improved through prompt iteration on logged misses

ZibadeBeaute Salon

Aug 2026 – Present

- Audited a two-location salon's legacy WordPress site and redesigned its UX and information architecture on Astro and Cloudflare Pages
- Removed stale template content, brought off-site bio and press content onto the site, and preserved search rankings by redirecting legacy URLs

Involvement

Founder

Sep 2026 – Present

Alachua County Library Girls Who Code

Gainesville, FL

Web Master

May 2026 – Present

UF Hearts for Henna

Gainesville, FL
